Plan a Trip at:

<http://www.rimrocktrailways.com>

We want your ideas! You are invited to participate in one or more of the upcoming meetings around the state to provide your thoughts on existing and future intercity bus services provided by Rimrock Stages.

At the meetings, we'll let you know what services are currently available, and we'll ask you about:

- Your experiences riding Rimrock in the past—but please come even if you've not yet ridden a Rimrock Stage
- What things you think could affect demand for intercity bus services in the future
- What additional services you'd like to see offered, and
- How Rimrock can improve.

Meeting facilities are accessible. If you need assistance getting to or from a meeting please let us know, we'll assist you with transportation arrangements. Can't come? Invite someone else from your organization.

Sign up for a workshop today:
